

Tumps change register

v16.3 of the DoBIH (September 2019) to v16.4 (February 2020)

Note: this change register should include all Tumps. However, it is only concerned with data relevant to each hill's listing as a Tump, so, for example, changes in height leading to a Simm becoming a Dodd, or changes in drop leading to a Submarilyn becoming a Marilyn, are not covered here.

Significant name changes

Not every name change is included here; where there were typos that have been corrected or instances where the Gaelic was subtly wrong. In such cases the sense of the name is still clear.
