

# Tumps change register

## v17.3 of the DoBIH (December 2021) to v17.4 (July 2022)

**Note:** this change register should include all Tumps. However, it is only concerned with data relevant to each hill's listing as a Tump, so, for example, changes in height leading to a Simm becoming a Dodd, or changes in drop leading to a Submarilyn becoming a Marilyn, are not covered here.

### New, promoted and reinstated Tumps
