

Tumps change register

v17.4 of the DoBIH (July 2022) to v17.5 (December 2022)

Note: this change register should include all Tumps. However, it is only concerned with data relevant to each hill's listing as a Tump, so, for example, changes in height leading to a Simm becoming a Dodd, or changes in drop leading to a Submarilyn becoming a Marilyn, are not covered here.

New, promoted and reinstated Tumps
