

Tumps change register

v16.4 of the DoBIH (February 2020) to v17.0 (September 2020)

Note: this change register should include all Tumps. However, it is only concerned with data relevant to each hill's listing as a Tump, so, for example, changes in height leading to a Simm becoming a Dodd, or changes in drop leading to a Submarilyn becoming a Marilyn, are not covered here.
